

## It's Only A Test

Chorus:

It's only a test that you're going through  
It's gonna be over real soon  
Keep the faith  
Don't give up  
For it's only a test

Verse: It's only a test, you're going through  
It won't last always  
Trials come, just to make us strong  
And when they come just hold on  
You've gotta stand still, keep the faith  
Don't give up, realize  
It's only a test you're going through

Bridge:

Soprano: Keep the faith, don't give up  
It's only a test, it's only a test

Altos: No matter what you're going through  
Don't give up  
It's only a test, it's only a test

Tenors: Hold on, be strong  
It's only a test, it's only a test

Vamp: Hold on, be strong, it's only a test, it's only a test (repeat as directed)
